SR 28 at north county line	0056	2.17	7.88	851	454	500	610	520	490

Note: **Average Annual Daily Traffic (AADT)** is the total annual vehicle traffic for both directions of travel divided by 365 days in the year. Peak hour (i.e. - "rush hour") and seasonal (i.e. - summer and fall) traffic counts could be higher than the AADT counts shown. Directional traffic counts (i.e. - northbound or southbound) could also show variation in traffic patterns.
